

December 5, 2022

Thursday, July 14, 2022 11:11 AM

Agenda	Est Time	Notes	Action
Positive celebration of Students and staff	5 min	Great Christmas Party! Thank you, Amy! Big thank you to LOTS for the coffee! Shout out to the chorus and band – good luck at your upcoming concerts! **Share in the fun...Bring your favorite cookies to one of the faculty rooms to share (12/19)	
STW update	1 min	Rep for STW contacted Jim. They are looking to set up a half day to tour our building on either December 15 or 16 th .	
Cosgrove Summer School • Brainstorm format ideas • Inquiry based/ Experiential	15 min	Jim would like the posting to go out before Feb break allowing for additional time to plan and prepare *Suggestions: *Basic skills and Executive Functioning focus (how to organize, think, self-management, soft skills) *Computer-based skills- setting up class folders, formatting documents *Skill vs opportunity – this past summer, we tried to work without the computer; One big struggle was that kids did not show up daily/consistently. *Book club (find and read book they're interested in) or read one book together *Would like to have 15 per grade level *Getting them out and doing things is important (field trips, biking on the canal). *BOCES STEM kits- hands on, team building Will continue discussion *Any and all ideas welcome. Please let your BPT rep know if you have any ideas.	
Climate/Culture • Check in	10 min	People have noticed things are going better; more calm & less intense. Feel of building is very different from last year. Others still see hallway behavior Should focus be on SEL and learning gaps 6 th graders have too many study halls and behaviors increase Large numbers in study halls/advisement makes it difficult for adults to work with kids Attitude of kids has shifted. When they leave a class, they're done. They don't complete work outside of class. Need for more structure of day Discussion regarding announcements – timing of announcements (maybe PBIS focus on advisement for 3 rd quarter)	
Grading Committee • Update	10 min	We are waiting for confirmation of date for half-day from DO. *Focus on establishing our building values, grading philosophy & beliefs	
Minute Review	5 min		

Note taker: Janeen
