		week will be a permanent adjustment or not. We don't have an answer for this right now.

School Beautification
  • Picnic tables for courtyard
  • ID's for courtyard
		10 min
		It would be nice to have outdoor tables to bring classes outside or for teachers to eat lunch outdoors.
		
		The courtyard would be difficult to bring classes into to use due to the nature of sound in the courtyard echoing into classrooms. Many 600 hall rooms do not have working blinds to be able to close to avoid distractions in classes.
		
		Possibility of Advisements out there? May be able to look into in the future?
		
		Pam will look into badge access.
		
		Emmy added this to the agenda but was unable to attend to add info from her constituent(s)
