

Agenda	Est Time	Notes	Action
Positive celebration of Students and staff		Welcome to Danielle Ballard! Successful Student of the Month Ceremony. Welcome to our new shared Psychologist Brenna Marine Reminder for our Holiday Party at Amy DiGuardi's home on Friday (11/18).	
Curriculum Night <ul style="list-style-type: none"> <li>• Feedback from faculty</li> <li>• Recommendation for next year</li> </ul>  Curriculum Night Fee...	10 min	The feedback leaned towards keeping Curriculum Night as it has been the last two years (open house format) but adding a bit of structure. This will help for crowd control.	
Facilities <ul style="list-style-type: none"> <li>• Update</li> <li>• Capital Project</li> <li>• Charging stations</li> </ul>	10 min	Mrs. Swann will be coming to our faculty meeting tomorrow (11/15) to review some of the nuts and bolts of the new Capital Project. There will be time in the Spring to discuss some additional parts to the Capital Project. Possible outdoor activity area for Cosgrove.	
Community Circles <ul style="list-style-type: none"> <li>• Feedback</li> <li>• Modified schedule</li> </ul>	10 min	There have been a number of adjusted schedules to start the year. Most of the adjusted schedules are behind us. Should be more consistency with our schedule moving forward.  Based on last year's feedback, we shortened the length of each Community Circle, which people have been positive about. We hope to coordinate better with DO so that we don't have so many speakers in such a short period of time. We can revisit the number of community circles we have in the spring, but testing (NWEA) is something we are required to do.	
Minute Review	5 min
