Positive celebration of Students and staff	5 min	BINGO was a lot of fun! Students and teachers really got into it, and the prizes were great (the giant donut was a favorite).	
Agenda	Est Time	Notes	Action
Student of the Month Form	10 min	The process has been simplified over the past two years. These forms are now submitted electronically rather than handwritten, and if you don't have time to type them into the form itself, you can email Amy the narrative for your team's chosen student and she will put it into the form for you.	
Planners <ul style="list-style-type: none"> • Passes 	5 min	A concern was brought up regarding passes being illegible in students' planners. Please write as legibly as possible and write passes in pen so that they cannot be altered. If you are uncertain of which teacher wrote the pass, ask the student who the pass was from.	
Submit Request to Athletic Office for Coaches to email roster and contact information to teachers.	5 min	Jim shared conversation he had with our new AD regarding the practice of coaches sending the entire building a list of the student athletes on their teams. Coaches have gotten away from this practice in recent years, but Jim is advocating for a return to this policy. It's helpful to know which students are on what teams, and it also might encourage teachers to attend sporting events if there are several of their students on a particular team.	
School computer use during lunch (concern from a parent)	10 min	A parent inquired about our policy regarding laptop use during lunch. Initially, students were not allowed to use laptops during lunch, but in the past few years, it became harder to enforce. There aren't actually that many students using them during lunch (10 or so), so it's not really a big issue.	
Grading Committee <ul style="list-style-type: none"> • Update 	5 min	The grading committee is reconvening this year to continue the work they did last year. There are three 1/2 days reserved, one in November, one in December, and one in January for meetings. The committee will continue to discuss assessments, retakes, the high school grading plans, etc.	
6 th grade fun night <ul style="list-style-type: none"> • Proposed dates (Saturday?) • ideas 	10 min	We had great success with the dance last year, and we have decided to do some sort of social event for our sixth graders. Gyms are pretty much booked solid for the next several months, so we are looking at possibly having a Saturday event. There is some concern that it might be hard to staff the event or that students may not be interested, but we are going to try to give it a shot. Some ideas that were floated: A sixth grade field trip, an end of the year field day, etc.	
Minute Review	5 min
